INTRODUCTION AND CONFESSION

I can't help who I am

- therapy, in a lot of trouble
- no reason, this is also embarrassing

I've always ~~had~~ had very intense, and extreme fantasies

- love everything, specify all in generic terms
- get really wet fast and by end of day my panties are soaked and its running down my thighs
- just being near boys makes me so wet
- I hate school bc I'm squirming in my desk sometimes
- by the end of the day I just want every boy in the school to fuck my ass so hard and my pussy is so wet and I need it so bad.
- my best day would be for them to all line up and fuck my face and cum on me.
- I don't know why almost any boy gets me so wet
- We can be hanging out like anywhere, just talking, or even when I'm near boys, I just can't control it.
- It sucks so much at school bc I just want to not think about it but I can't stop.
- I wish boys would "accidentally" brush up against me, touch me, or do whatever they want with me more at school. I almost came one day at school when a boy's hand sort of touched my ass.
- Umm, so yeah if you want, feel free to touch, just as long as I don't get in trouble, and if we are somewhere else, I'll do anything you want, trust me, anything, I'm a whore, but I love it and its my choice.
